

Below are the dates for registering your child in one of our preschool programs for the 2018 – 2019 school year. Current families have the advantage to registering first. Then we offer spaces to our alumni families (families who have had a child in our program but who do not currently have a child in our program). Finally, we open registration to new families.

In 2015, the Government of Alberta announced a decision regarding the age of eligibility for Kindergarten. Currently, a child has to be 5 years of age by March 1st of the current school year in order to attend Kindergarten. By September 2018, the government was going to change the date to January 1st. In order to prepare for the age changes, we changed our age of eligibility to December 31st. However, we have now been informed that the government is making the change for September 2020. Therefore, for the 2018 – 2019 school year, in order for a child to attend a 3 year old program, they have to turn 3 by December 31st of the current school year. In order for a child to attend a 4 year old program, they have to turn 4 by February 28th of the current school year.

Current Families

The following registration dates are for in-person registration which take place at that school unless otherwise stated.
